Morning, Kelly – We're keen to resume our discussions of the Independent Review (IR). Would you please share with us the status of your efforts to bring your technical expert on board? I would like to schedule a call sometime next week (week of August 26), if at all possible.

I have drafted for your review a simple outline describing the progression of calls leading to Argonne commencing work on the IR. Please let us know what you think of this proposed approach.

Thx,  
Jon
